

# Your Information Technology DOESN'T HAVE TO BE SO COMPLICATED

## IF YOU FIND THAT...

IT complexity is making it hard to achieve **goals**, support business **needs**, or further your **digital transformation**, we'd like to show you just how simple and **effective IT** can actually be.

## TODAY'S MULTI-VENDOR ENVIRONMENTS CREATE CHALLENGES

In many organizations, IT consists of an eclectic mix of products from an often-bigger mix of vendors. It's creating complexity that causes both business and IT leaders to ask themselves, "why can't these things just work together?"

**TRYING TO CREATE AN INTEGRATED IT INFRASTRUCTURE WITH POINT PRODUCTS FROM DIFFERENT VENDORS MAKES IT UNNECESSARILY COMPLEX. CREATING CHALLENGES LIKE THESE:**

- Wasting countless hours on configuration, maintenance, and updates
- Creating, maintaining, and growing multiple vendor relationships
- Trying to gain insight from systems and products not built to work together
- Attempting to solve challenges with basic integration capabilities

## MAKE COMPLEX EASY POWERED BY CISCO SIMPLE IT

ROVE would like to introduce you to a different approach – Make Complex Easy powered by Cisco Simple IT. This new approach aims to provide end-to-end simplicity thanks to affordable technology from a single vendor that's built to work together.

| COMPLEX MULTI-VENDOR IT ENVIRONMENTS         | MAKE COMPLEX EASY POWERED BY CISCO SIMPLE IT |
|--|--|
| Inconsistent, difficult to deploy and manage | Simple, flexible, easy to deploy and manage  |
| <b>COLLABORATION</b>                         | <b>COLLABORATION</b>                         |
| 3 VENDOR, 2 VENDOR, 7 VENDOR                 | Cisco Spark and WebEx                        |
| <b>SECURITY</b>                              | <b>SECURITY</b>                              |
| 1 VENDOR, 4 VENDOR, 5 VENDOR, 6 VENDOR       | Cisco Umbrella                               |
| <b>NETWORK</b>                               | <b>NETWORK</b>                               |
| 1 VENDOR, 2 VENDOR, 9 VENDOR                 | Cisco Meraki                                 |
| <b>DATA CENTER</b>                           | <b>DATA CENTER</b>                           |
| 7 VENDOR, 8 VENDOR, 1 VENDOR                 | Cisco HyperFlex                              |
